Meyertech RoHS Statement of Compliance-Update

Status

From 1st July 2006 all Meyertech ZoneVu and Fusion products sold in non-exempt markets will be compliant with the RoHS Directive (the restriction of the use of certain hazardous substances in electrical and electronic equipment).

Production Process

At the beginning of February 2006 Meyertech's manufacturing processes have conformed to RoHS regulations. This includes both our PCB manufacturing and product assembly. Raw materials and components are stored to ensure mixing compliant and non-compliant materials and components cannot occur.

Suppliers

Meyertech has written to its suppliers requesting policy statements, control procedures and documentary evidence E.G. CoC. Key suppliers and contractors are audited annually in accordance with Meyertech ISO 9001 quality procedures.

Staff Training

Meyertech sales staff have been trained in RoHS exempt and non-exempt markets. Meyertech have produced a 'Product RoHS Compliance Chart' which is available as a downloadable PDF from our website www.meyertech.co.uk

Documentation and Evidence

Compliant Meyertech products sold from 1st July 2006 will have a 'RoHS compliant' label affixed. For compliant Meyertech products sold from 1st July 2006 the product CoC will document RoHS compliance.

Sincerely yours,

For **MEYERTECH LIMITED**
