# VIEW THE WORLD AT YOUR FINGERTIPS

---

Introducing Meyertech's ONVIF conformant mobile client app for Android, Fusion-Reach.

Reach is the perfect surveillance utility, pushing the capabilities of your CCTV system beyond the control room. It integrates directly into your FUSION-Eclipse video management system (VMS), allowing you to view and control your cameras using a mobile device wherever there is internet coverage (3G, 4G or WiFi).

FUSION-Reach has been designed to be incredibly user friendly. With its intuitive interface on the ground security can easily setup and utilise the full benefits that Reach has to offer with absolutely no training.

# KEY FEATURES

**INSTANT VIDEO PUSH:** Extends your surveillance capabilities beyond the control room. Ideal for on-site security, it allows users to monitor and control your cameras wherever there is an internet connection.

**PTZ ON THE MOVE:** Supports Pan-Tilt-Zoom (PTZ) functionality to give users complete control over their cameras.

**AUXILIARY FUNCTIONS:** Enables users to utilise additional auxiliary features that are present on the cameras, such as activating lights or wipers.

**INTUITIVE INTERFACE:** Its user friendly design allows on the ground security to easily setup and utilise the full benefits that Reach has to offer with absolutely no training required.

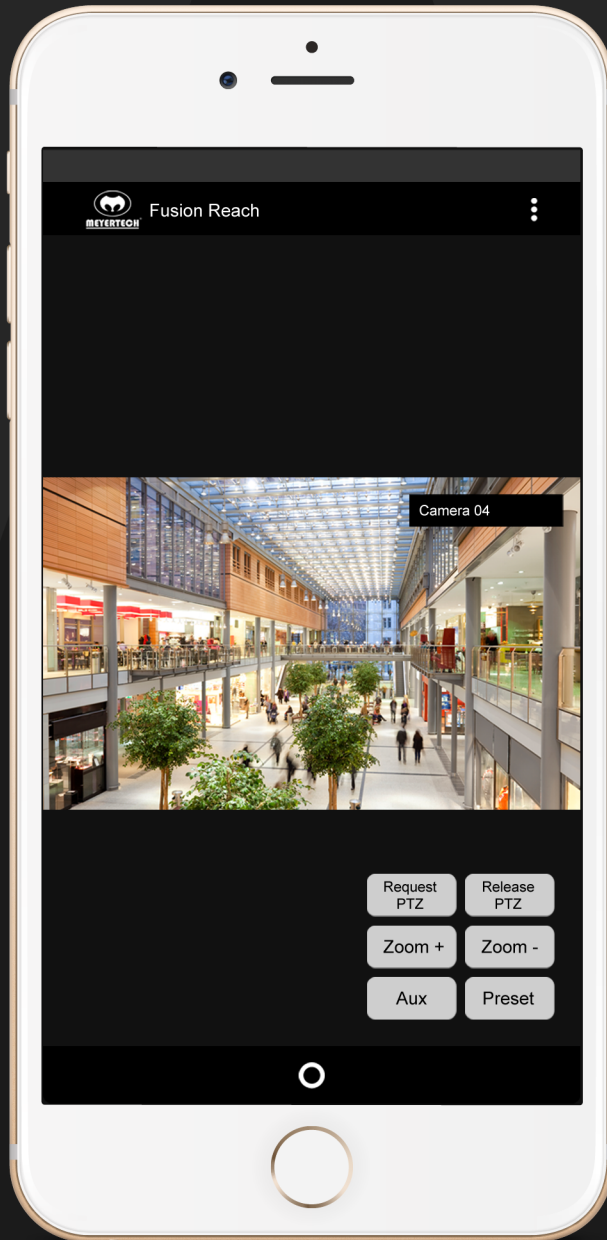

# KEY FEATURES

**CAMERA PERMISSIONS:** Priority based access levels enable users to instantly connect to authorised cameras.

**ONVIF CONFORMANT:** FUSION-Reach is fully conformant with ONVIF Profile-S devices.

**ANDROID COMPATIBILITY:** Reach is compatible with all V4 and above Android devices and can be displayed in both portrait and landscape modes for optimal viewing.

“Vision within your reach.”
